

INVITATION

Going from the need of reconsidering the relation of the penitentiary with the society, the National Administration of Penitentiaries from Romania has organized every fall, starting with year 2009, the "MultiArt" Festival for prisoners, unique event in the European space. "MultiArt" Festival gathers every year artists and troupes of prisoners – actors from the whole prison system and offers for the public, the possibility to approach a reality, where normally they cannot get access. The event involves participation of hundreds of inmates, thousands of spectators and a lot of specialists from the prison environment, volunteers and artists and it all transforms into a reconsideration movement of the relationship prison – society.

Right from the first edition, the project offered the possibility of developing some collaboration with the representatives of the theatre world (directors and actors) that worked together with the prisoners in adapting well known texts or in writing their own scripts.

Being at its fifth edition, the manifestation aims to offer for the public a different perspective over the prison world, in which the inmates are no longer seen as criminal, but real actors.

Manifestation, that it is programmed to take place in November 2013 during 2 days and has 3 sections: the best theatre shows, documentary films, concert and exhibitions organized in the lobby of a well known theatre from Bucharest or in some unconventional spaces and clubs from the capital.

In this context, we would be very honored by your presence at this event, which will take place from November 19 to 20, 2013 Starting with 18.00 hours, at "Nottara" Theatre from Bucharest

Highly esteem and consideration,

Chief Commissioner for penitentiaries Cătălin Claudiu BEJAN
General Director
National Administration of Penitentiaries
